## Industries & Uses

The Ypod is a great product for:

- Storing and handling polyethylene films and other roll sheet materials.
- Construction sites, agricultural sites or various locations requiring roll sheet protection.
- Handling other roll materials such as highway and landscape fabric, vehicle wraps, etc.
- Storing and dispensing temporary protection coverings for venues such as baseball fields, tennis courts, basketball courts etc.
- Efficiently dispensing materials at remote locations by fitting the dispenser with lifting devices for movement with hoisting equipment or wheel casters for mobility across flat surfaces.
